TEXT C

1. COS Lima did well to raise the question as to what will happen, vis a vis our operational security, when the Cubans achieve diplomatic recognition in the various Latin American countries where this is gradually occuring. The responses from the Branches indicate that we do have a considerable amount of operational activity and equity that revolve around our Cuban assets and that we would do well to begin a gradual cut-back in our use of Cubans, given the targetting that we presume will be made on them as the Cuban CI effort begins in the various countries.

2. However, the solution to our problem should be a gradual one and keyed initially to where the official Cuban presence is, and then to those countries where it is coming. Therefore we start with Peru.

b. GICITRON-4, who has been Treasurer of the 26th July movement in the period 1957-58 provides the cover for LITHGOE.

28 October 1970 mss

A Provisional Operational Approval is granted for the use of this Subject as set forth below.

A Provisional Operational Approval issued by CI Staff grants the same authority, on a temporary basis, for the use of an individual as the authority granted in an Operational Approval unless otherwise specified by CI/OA. For limited use as requested in your memo of 28 October 1970, the POA is reinstated until 30 January 1971.

To process the Operational Approval, full information (completed PRQ Parts I and II) must be submitted as soon as possible and not later than six (6) months from this date. 1. We have received your memorandum of 22 October 1970 informing us that GICITRON-4's file has been closed. 1. The receipt of Reference A Provisional Operational Approval for Subject was much appreciated. We were puzzled, however, by the request for PRQ Parts I and II on GICITRON-4 since all biographic and operational data on him with the exception of References and DIRECTOR 006731 is on record only at Headquarters as far as we are aware unless Mexico City has retained their old file on him. Paragraph 3 of Reference B specifically requested that pertinent material from Subject's 201 be forwarded to Bogotá, but we have never received it.

2. Errol G. Lythgoe, despite his old friendship with Subject, has no present justifiable reason consistent with cover to question him regarding all the biographic details required for preparation of a full PRQ Part I. Nor could Lythgoe logically elicit from Subject the answers to such PRQ Part II items as "How, when, where, why and by whom Subject was first contacted or developed" by RYBOCK, "List other case officers who have handled Subject or whom he knows or has known...", and the like.

3. Subject's proposed present operational use is detailed in Reference B, and Headquarters has the rest of the basic data necessary for preparation of both parts of the PRQ. It is therefore suggested that this be done at Headquarters, with copies being forwarded to Bogotá for updating.
